FERRY-MORSE SEED CO.
DETROIT, MICH. SAN FRANCISCO, CALIF.

TERMS

Our Terms are strictly CASH WITH THE ORDER. Appreciating the satisfaction derived both from selling and planting only the best bulbs, we have taken great pains that everything on our list should be of strictly first class quality. Besides, we have made VERY LOW PRICES, quality considered, hence we must request our friends to ask no indulgence from us in the way of time, but to enclose funds with the order.

Delivery—As bulbs and roots mature at different times during the fall and early winter, shipments will be made as follows: September, Anemones, Freesias, and Ranunculus. October includes the general list of bulbs as Tulips, Hyacinths, Daffodils and miscellaneous bulbs.

Your Name and Address should be written plainly on all orders. Please state whether bulbs are to be shipped by Parcel Post or Express. When no instructions are given we will ship as we think best.

In case of error or dissatisfaction of any kind, please notify us immediately so proper adjustment may be made.

Cash or satisfactory references should accompany all orders. As bulbs are perishable it is not advisable to send them C. O. D. If local checks are used, they must be certified.

Postage and Express Charges—ALL BULBS will be sent by Mail or Express, charges prepaid, when ordered at single or dozen rates. The 100 rates and over are by Express or Freight at purchaser's expense, unless otherwise stated. *Not less than 6 of any one variety supplied at dozen rates, 25 at 100 rates, and 250 at 1,000 rates.* SEEDS will be sent free by Mail, or Express, except as otherwise stated.

Substitution.—It sometimes occurs that our stock of some named varieties of Tulips or other bulbs becomes exhausted before the close of the season. In this case we shall take the liberty of substituting others similar in color and price, and equally as good, if not superior, to the ones ordered. Should any of our customers object to this, they will please so state in their orders.

We give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds or bulbs we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

September 1, 1938.

SPECIAL NOTICE:

Regal Lily

ONE OF the largest, most gorgeous, and hardiest of all garden lilies is *Lilium regale*. Tall stalks, three to six feet high, produce funnel-shaped blossoms, often measuring six inches from tip to tip of opposite petals. Each stalk carries several flowers.

And such coloring! Petals streaked with rosy-purple on the outside are pure white within, . . . the throat tinged with yellow-gold. In sunlight the rose of the petals becomes opalescent, a sight that is almost indescribable. The fragrance is exquisite.

Plant Regal Lilies at a depth of about three times the diameter of the bulb, in rich soil that is not too light in texture. Good drainage is very important. Select a spot that is sheltered from cold winds. A ground cover of perennials or annuals helps conserve moisture and adds to the attractiveness of the lilies when in bloom.

Enrich your garden with some of these truly royal flowers. FERRY-MORSE is offering big bulbs, eight to nine inches in circumference at 35c each; \$3.50 per dozen, postpaid.

Small Bulb Flowers will Brighten

ANEMONE

Exceedingly brilliant and showy flowers. Plant in October or November, four or five inches apart. Cover one inch deep in moist, rich, well drained soil. If well protected by leaves or litter, very beautiful blossoms may be expected. Make the soil rich, and water frequently in the spring.

The bulbs may be kept till spring, when, if planted early, they will do well. For forcing indoors, put three or four roots in porous, rich soil in a five-inch pot. Keep in a cool situation until the roots are well started, when they may be removed to the place where they are to bloom.

De Caen Mixed The giant single variety. 80c per dozen; \$5.50 per 100.

St. Brigid Mixed Large semi-double flowers with finely divided petals. \$1.00 per dozen; \$7.00 per 100.

CHIONODOXA (Glory of the Snow)

This early flowering spring bulb is desirable either in rock gardens or as a border edging. The little star-shaped flowers of charming blue are borne loosely on a small spike four to five inches long.

Plant the bulbs about three inches apart. If planted in clumps where they may be left undisturbed, they will continue to improve from year to year.

Luciliae Deep blue with white center. 35c per dozen; \$2.00 per 100.

Sardensis Rich gentian blue. 35c per dozen; \$2.00 per 100.

CLUSIANA (The Little Lady Tulip)

This dainty plant grows about nine inches high. The outer petals of the small flowers are rosy red while the inner petals are creamy white with violet base. If given a warm sheltered place and soil with plenty of humus, this plant will bloom very early. Clusiana is also fine for potting in the house. 12c each; 95c per dozen; \$6.50 per 100.

CROCUS

These are among the earliest bulbs to flower and are most effective when planted in masses or in borders. They are perfectly hardy and may be left in the ground undisturbed for three or four years.

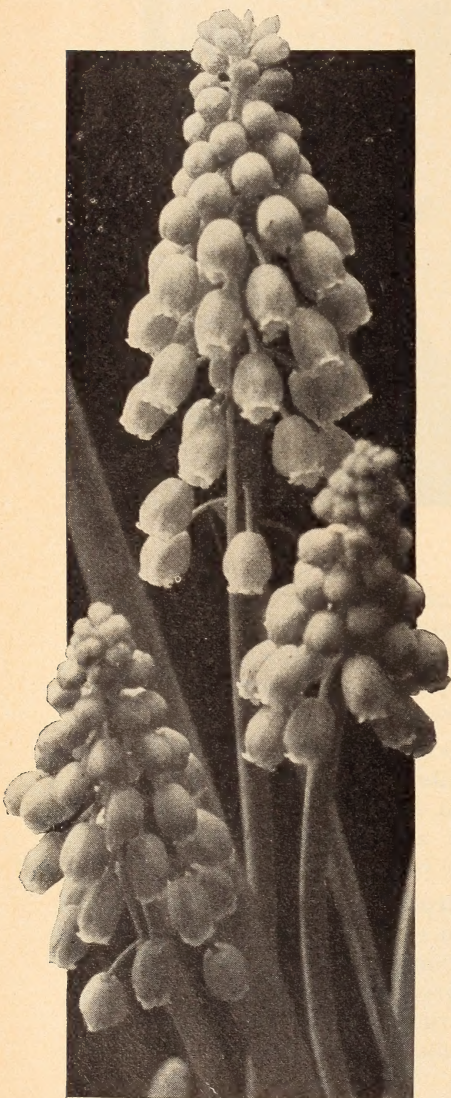

Plant two or three inches deep and four inches apart.

	1 doz.	100
Albion Large, dark purple.....	\$0.50	\$3.00
Kathleen Parlow Extra large, purest white, finest substance with orange anthers...	.50	3.00

Mixed Striped ..	.35	2.00	Mixed, All Colors	.35	2.00

FRITILLARIA (Checkered Lily)

Maleagris Mixed The large drooping bell-shaped flowers are oddly splashed and striped. The plants grow only about 12 inches tall. Fine for rock gardens, for naturalizing, and for the border. Plant two inches deep and six inches apart. 50c per dozen; \$3.00 per 100.

Grape hyacinths (See Muscari, next page) are so dainty and so hardy that they should be better known. Plant a dozen bulbs or more and see how pretty they are.

Your Rock Garden and Border

In the lawn, in the border, and under trees large groupings of Crocus are always bright and cheerful in early spring.

MUSCARI (Grape Hyacinth)

Every garden should have a few of these little plants with their straight slender spikes of tiny "grapes." They are very hardy, will grow almost anywhere, and increase rapidly, flowering more freely as they become established. For a charming picture, plant them in masses among the late flowering tulips, especially the pinks and the yellows.

Set the bulbs two to three inches deep in any ordinary garden soil. For indoor flowering four to six bulbs in a five-inch pot will make a fine showing.

Botryoides alba A pure white variety; very pretty in combination with Heavenly Blue. 50c per dozen; \$3.00 per 100.

Heavenly Blue. "Heavenly" in fragrance as well as in color. The largest flowered and most desirable of all the Muscari. Bright sky blue. Height about eight inches. 35c per dozen; \$2.00 per 100.

ORNITHOGALUM

Arabicum Tall spikes bear loose clusters of cheery star-shaped blossoms, pure white with black centers. These bulb flowers are very hardy in the South and other mild climates, but they should be given protection when planted outdoors in the North. Culture in the house is about the same as for Hyacinths. 80c per dozen; \$5.50 per 100.

RANUNCULUS

These little spring flowering bulbs produce attractive double or semi-double flowers on stems about nine inches high. They come in a wide range of colors—bright crimsons, scarlet, orange, pink, yellow, and white.

Ranunculus prefers a sunny situation and a well drained soil. Plant the bulbs two inches deep and six inches apart with the odd finger-like projections pointing downward. The bulbs may be soaked in water beforehand. October and November are the best planting months.

1 doz. 100

Semi-Double Mixed A hardy variety of Ranunculus containing a great variety of colors. The exquisite semi-double flowers all show attractive black centers \$0.70 \$5.00

Single and dozen prices include postage. The 100 rate is by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates, and not less than 25 at 100 rates.

More Small Bulbs for Early Bloom

SCILLA

The bell-shaped Scillas follow the Crocus in season. The plants are perfectly hardy and the bulbs need not be disturbed oftener than once in three or four years. Scillas will thrive in any good garden soil. Plant them in October or November. Set the little bulbs about two inches deep and about an inch apart.

Campanulata Alba Maxima Clear white; fine large bells. 60c per dozen; \$4.00 per 100.

Campanulata Blue Queen Erect spikes of porcelain blue bells. 60c per dozen; \$4.00 per 100.

Campanulata Rose Queen Soft lilac rose. 60c per dozen; \$4.00 per 100.

Sibirica The best Scilla for forcing indoors. It comes into bloom with Roman Hyacinths. The rich blue flowers are borne on graceful spikes of six to twelve blooms each. 50c per dozen; \$3.50 per 100.

SNOWDROPS

The smallest garden ought to have from a dozen to a hundred Snowdrop bulbs to announce the appearance of spring with their cheerful dainty flowers. They are easy to grow and may be left in the ground from year to year. Plant about two inches deep and four inches apart in the border. 1 doz. 100

Double Flowering\$0.75 \$5.00

Single Flowering50 3.00

SNOWFLAKES (*Leucojum vernum*)

Pure white with green tips, these dainty blossoms resemble the Snowdrops. They are larger, though, and stronger in growth. Plant three inches deep and five inches apart. When once established they will take care of themselves. 80c per dozen; \$6.00 per 100.

Plant these unusual little flowers,—the Snowflake,—in masses for the first spring showing in the garden.

Peonies for Permanent Plantings

Planted at intervals in the border with other flowers, or grouped by themselves, peonies are usually more effective than as single specimens on a lawn. The blossoms are more gorgeous than those of any other perennial. Many varieties are deliciously rose-fragrant.

Peonies need deep rich soil and plenty of water during the flowering season. Cover the crowns with about two inches of soil when planting the roots.

Marechal MacMahon Extremely large; deep brilliant red. 50c each; \$5.00 per dozen.

President Taft Enormous; soft flesh pink. 60c each; \$5.50 per dozen.

Karl Rosenfield Very full; brilliant deep crimson. 60c each; \$5.50 per dozen.

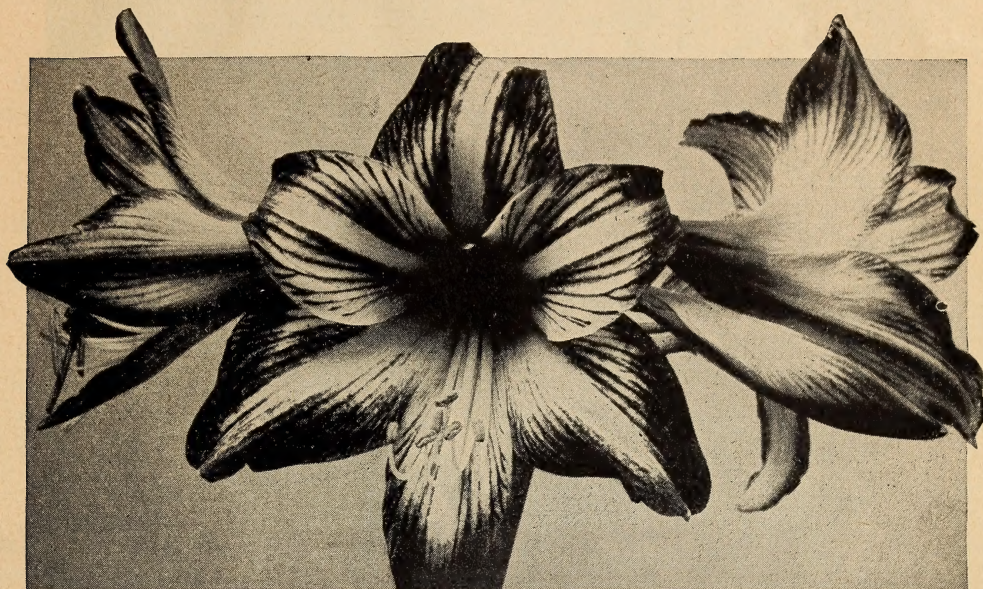

Claire Dubois Rich clear satiny pink; large full flower. 60c each; \$5.50 per dozen.

Festiva Maxima Pure white; extra fine for cutting. 50c each; \$5.00 per dozen.

Our choice peony roots are from 5 to 7-eye divisions.

Single and dozen prices include postage. The 100 rate is by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates, and not less than 25 at 100 rates.

These are Fine for Pot Plants

Several gorgeous blossoms top each tall Amaryllis stem.

AMARYLLIS

Few bulbs are more satisfactory for indoor blooming than the Amaryllis. Each bulb produces two or three flower stems on which are several lily-like flowers of the most vivid colors in shades of vermilion, crimson, scarlet, and pink.

Plant the bulbs, which are very large, in pots one to two inches larger in diameter and cover with soil only to the shoulder. Firm the soil around the bulbs, keep fairly cool, and water sparingly until growth starts; they may then be brought into a warmer room. Where the winters are not severe they may be grown out of doors and left in the ground permanently.

Belladonna Major Large, rose pink, trumpet-shaped flowers, borne in clusters. 25c each; \$2.25 per dozen.

Vittati Hybrids Immense flowers with petals of velvety texture. The colors range through shades of red, scarlet, pink, and white. 65c each; \$6.50 per dozen.

FREESIA

Freesias are hardy only in a mild climate. When planting outdoors, set them two inches deep and about four inches apart. They force easily and will bloom in January and February in the greenhouse. They also bloom readily in an ordinary living room if placed near a window and not kept too warm. These beautiful flowers are very sweet scented.

	1 doz.	100
General Pershing Lavender pink.....	\$0.75	\$4.50
Golden Treasure Pure yellow.....	.75	4.50
Marie Louise Fisher Deep lavender.....	.75	4.50

Sunset Flame orange.....	.75	4.50
Rainbow Mixture A beautiful assortment of all colors. Does not contain any white.	.60	4.00

IXIA

(African Corn Lily)

Brilliant scarlets, blues, purples, yellows are all present in this gorgeous little flower. The center of the blossom always differs from the other parts in color. The narrow pointed petals add to the plant's attractiveness.

Grow Ixias outdoors only in a moderate climate. Plant two inches deep and six inches apart in a sunny spot. Also good for indoor culture.

Splendid Mixture 35c per dozen; \$2.00 per 100.

Single and dozen prices include postage. The 100 rate is by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates, and not less than 25 at 100 rates.

Why not grow several pots of top-size hyacinths to furnish color in the house this winter? Plant some of the smaller bulbs, too, outdoors in front of low-growing evergreens or shrubs.

Delicious fragrance and fine coloring make Hyacinths delightful both as winter pot plants and as early outdoor flowers in spring. They are among the easiest bulb flowers to grow in the house, and when properly planted and cared for outdoors they are as hardy as Tulips and Daffodils.

House Culture

Plant from September to December in well-drained pots of light, rich, sandy soil. Place each bulb so that the top is just below the surface. Have the soil fine and loose so that the bulbs will not push out when the roots begin to grow. Water thoroughly, and set the pots in a cool dark place for several weeks until a strong root growth has formed. Water occasionally if the soil dries out. Bring the pots into the light gradually after top growth begins, keep at a temperature of 60 to 70 degrees, and water often. Hyacinths can also be grown successfully in glasses. Large size bulbs are best for house culture.

Garden Culture

Plant bulbs any time from October until the ground freezes. In light soil, set bulbs four or five inches deep; in heavy soil, not more than two or three inches. An inch or two of sand beneath each bulb will take care of excess moisture. Always cover hyacinth beds with straw or leaves before freezing weather. In severe climates mulching to a depth of three or four inches is necessary.

Single and dozen prices include postage. Not less than six of any one variety supplied at dozen rates.

—Delightfully Fragrant and Colorful

EXHIBITION TOP SIZE

Of very large size and excellent quality, these bulbs are suitable either for planting in pots or for outdoor culture. We handle only the Single Hyacinths. They are more satisfactory than the Doubles.

WHITE

	Each	1 doz.	100
La Grandesse Strong spikes of pure white bells.....	\$0.20	\$2.00	\$15.00
L'Innocence Splendid spikes of very large pure white bells faintly flushed at first, but turning to pure white. A leader.....	.20	2.00	15.00

RED

Grand Maitre Deep lavender blue, shaded darker blue.....	.20	2.00	15.00
Queen of the Blues Strong spikes of clear porcelain-blue flowers.....	.20	2.00	15.00

YELLOW

City of Haarlem Golden yellow. The large spikes are well filled.....	.20	2.00	15.00
Sunburst Ruddy apricot or buff. A very pleasing color.....	.20	2.00	15.00

HYACINTHS FOR THE GARDEN

Hyacinth bulbs especially suitable for planting outdoors are smaller than those of Exhibition size. They produce spikes that are shorter and more compact so that they withstand wind and other outside conditions better than those more top-heavy. The excellent named varieties offered in this list are uniform in height and season of blooming. The colors are delightful, either alone or together in the garden or flower border.

	Each	1 doz.	100
City of Haarlem Soft yellow.....	\$0.15	\$1.50	\$10.00
L'Innocence Pure white.....	.15	1.50	10.00

Mixture of the Above Varieties		1.50	10.00

Single and dozen prices include postage. The 100 rates is by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates, and not less than 25 at 100 rates.

Plant Narcissus Bulbs Outdoors

Daffodil and Narcissus are really two names for the same flowers. Daffodil is the English name, and Narcissus the Latin. Among gardeners and those in the flower trade, however, the flowers with large trumpets are known as Daffodils; those with small cups are Narcissus. The difficulty of distinguishing between them increases somewhat each year because of the many beautiful hybrids that are being developed. Jonquils can be recognized particularly by their grass-like foliage.

Plant Narcissus bulbs outdoors in August or September. Set them four or five inches apart and about four inches deep, measuring from the shoulder of the bulb to the surface of the ground.

Unless otherwise indicated our Narcissus are all choicest quality, first size, round bulbs.

TRUMPET DAFFODILS

These flowers are of very large size. The perianth or petals are from $2\frac{1}{2}$ to 4 inches across, while the trumpet or tube is $1\frac{1}{2}$ to 2 inches in length, often measuring longer than the petals. The blossoms are borne on stiff stems from 12 to 18 inches long.

King Alfred Golden yellow perianth and trumpet. Considered the most desirable of all the deep yellow varieties. 15c each; \$1.50 per dozen; \$11.00 per 100.

Emperor Deep primrose perianth with yellow trumpet. 10c each; \$1.00 per dozen; \$7.50 per 100.

Glory of Sassenheim (Bicolor) Pure white perianth, deep golden yellow trumpet. Early and free flowering. 10c each; \$1.00 per dozen; \$7.50 per 100.

Mrs. E. H. Krelage (White King Alfred) A glorious Daffodil that everyone admires. It has a pure white perianth and lovely cream white trumpet gracefully curved. 25c each; \$2.25 per dozen; \$16.00 per 100.

Van Waveren's Giant Broad primrose perianth; bright yellow trumpet. Immense flowers of distinctive character. 25c each; \$2.10 per dozen; \$15.00 per 100.

CROWN OR SHORT CUP DAFFODILS

Daffodils belonging to this group are crosses between the Trumpet and the Poeticus Narcissus. The crown, or center cup, is about one-half inch in length.

Barri Conspicuus Broad soft yellow perianth with a short yellow cup, edged orange scarlet. 10c each; 90c per dozen; \$6.50 per 100.

Lucifer Perianth white with long, well rounded petals, cup intense orange red. 12c each; 90c per dozen; \$6.75 per 100.

Red Chief Pure white perianth having a large flat cup broadly banded with fiery scarlet. A beautiful flower. 12c each; \$1.20 per dozen; \$8.50 per 100.

Sir Watkin Primrose with soft yellow cup tinged deep yellow. 12c each; \$1.10 per dozen; \$8.00 per 100.

Will's Scarlet A striking flower with creamy white reflexed perianth and large bright orange-red cup which opens widely at the mouth and is beautifully crimped. 12c each; \$1.20 per dozen; \$8.50 per 100.

The popular King Alfred,—one of the best of the deep yellow Trumpet Daffodils.

Single and dozen prices include postage. The 100 rate is by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates, and not less than 25 at 100 rates.

in Early Fall

DOUBLE DAFFODILS

Hardy double Daffodils are much liked for outdoor planting. They also succeed well indoors.

Von Sion The well-known Double Yellow Daffodil. Large, double, golden yellow, extra fine for forcing or outdoor culture. 12c each; \$1.10 per dozen; \$8.00 per 100.

POETAZ NARCISSUS

Orange Cup Yellow perianth; frilled cup of orange red. 12c each; \$1.00 per dozen; \$8.00 per 100.

POETICUS NARCISSUS

These have a white perianth with a small flattened yellow cup or eye. Perfectly hardy and easy to naturalize.

Poeticus (Recurvis, Pheasant's Eye, or Poet's Narcissus) Pure white perianth, orange cup, bordered scarlet. A very fragrant variety. 10c each; 80c per dozen; \$5.50 per 100.

Poeticus Ornatus Pure white, yellow cup, margin deep scarlet. It is not so sweetly perfumed as the Poeticus but is larger, showier, and earlier. 10c each; 80c per dozen; \$5.50 per 100.

Horace Pure white perianth, conspicuous red eye, free flowering and strong stemmed. Fine for forcing. 10c each; 90c per dozen; \$6.00 per 100.

POLYANTHUS NARCISSUS

With its clusters of fragrant blossoms, this flower is easy to grow in ordinary living room temperatures. The bulbs do well in broad low bowls filled either with fibre or pebbles. If fibre is used, keep it moist but not too wet; if pebbles are used, put in enough of them to keep the bulbs from falling over and fill the dish with water. Keep out of strong light until roots are formed. The flowers should bloom in four to six weeks.

Paper White Grandiflora Flowers pure snow white, desirable for their beauty and fragrance. 10c each; 75c per dozen; \$5.50 per 100.

Grand Soleil D'Or Yellow with orange cup. Excellent for forcing. 14c each; \$1.15 per dozen; \$8.50 per 100.

Chinese Sacred Lily (Narcissus Orientalis) The flowers of this variety of Polyanthus Narcissus introduced from China are satiny white with golden yellow cup. They are borne profusely in clusters and are very fragrant. 12c each; \$1.10 per dozen; \$8.50 per 100.

JONQUILS (Narcissus Jonquilla)

A slender and graceful plant with rather small, bright yellow, deliciously fragrant flowers, abundantly produced on stems about a foot long, each bearing a cluster of florets. Leaves quill-like, glossy dark green. Well suited for window plants, and most satisfactory outdoors when planted in large groups or masses. Culture same as Narcissus.

Campernelle (Odorus) Single, large yellow florets, about one and one-half inches across. Fine for cutting. 10c each; 85c per dozen; \$5.75 per 100.

Double Campernelle (Odorus Plenus) The true and rare form of double Campernelle. Flowers fragrant, and quite double. 10c each; 85c per dozen; \$5.75 per 100.

Tuck some Poeticus bulbs beneath the shrubs, or scatter them along the perennial border. This is Horace with flaming red center.

Single and dozen prices include postage. The 100 rate is by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates, and not less than 25 at 100 rates.

Tulips—Spring's First Gay Colors!

Tulips may be planted any time from October until the ground freezes. Set them three to six inches apart and about four inches deep, measuring from the shoulder of the bulb to the surface of the ground. Good drainage is very important. An inch or two of sand beneath each bulb when it is planted will take care of excess moisture which might cause the bulbs to rot. Tulips are so hardy that they need winter protection only in severe climates. A light mulching *after the ground is frozen* is sufficient.

Many varieties of Tulips are popular for winter flowering. If potted in September and treated the same as hyacinths (see page 6), they will usually bloom in December. From three to twelve bulbs planted in a suitable pot make a splendid showing.

A, B, C, etc., following the name of a variety, refer to time of blooming when planted outdoors:

A—earliest.

B—come into bloom before those marked A are gone.

C—a few days later than the B Class.

Letters d, m, or t (dwarf, medium, or tall) indicate comparative heights when bulbs are grown outdoors. This is useful in selecting varieties for border planting.

SINGLE EARLY TULIPS

(Bloom in Early Spring)

Single Early Tulips produce the first splash of brilliant color in the garden. To make the best display they should be planted in large masses. Single Early varieties begin flowering from one to two weeks sooner than the later kinds. They mature and ripen their leaves early enough so that they can be taken up to make room for annuals and other plants. Single Earlies are the easiest of all Tulips to grow indoors.

		Each	1 doz.	100
Chrysolora	B m. Large flowers of pure bright yellow. Holds its color well.....	\$0.09	\$0.70	\$5.00
Crimson Brilliant	B m. Bright scarlet with yellow base.....	.09	.70	5.00
Diana	B m. Pure white. Flowers large and attractive. Fine for forcing, as well as for the garden.....	.09	.70	5.00
Keizerskroon	C t. Very large blossoms. Dark red bordered with golden yellow. Good both for indoor and outdoor culture.....	.12	1.00	7.00
Rose Luisante	B m. White base, broadly tipped and edged with rose. Delightful in a border against a background of dark green. Especially good as a later forcing variety.....	.09	.70	5.00
Van Der Neer	C m. Large flowers of beautiful dark violet.....	.09	.70	5.00

Single and dozen prices include postage. The 100 rate is by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates, and not less than 25 at 100 rates.

DOUBLE

(Bloom in Early Spring)

Double Early Tulips are especially desirable in the garden because they hold their bloom longer than the Single Earlies. They bridge the gap between the Single Early and the Late Tulips, thus extending the season of gorgeous beauty from late April until nearly June.

The flowers of Double Tulips are larger than those of Single Earlies and look much like peonies. They are more open and broader than the cup-shaped Single types. When planted in a mass of one color, they are especially effective, making a solid sheet of bloom that often hides the leaves.

Double Tulips need soil that is somewhat richer than that for the Single Earlies in order to perfect their huge blossoms. Bone-meal is usually a safer fertilizer to use than manure. If manure is used, it should be thoroughly rotted and carefully mixed with the soil some months before the bulbs are planted.

The earliest of the Double Tulips succeed fairly well in pots.

Crown of Gold (Couronne d'Or)

A t. Bright yellow with feathered markings of burnt orange. Very double. Good for pot culture. 10c each; 80c per dozen; \$5.50 per 100.

Imperator Rubrorum B m. Rich deep scarlet with yellow base; large and very double. Attractive when combined in a border or garden with Snowball; very good for forcing. 10c each; 80c per dozen; \$5.50 per 100.

Murillo A d. Rose marking on a white ground gives the effect of a beautiful pink. The double flowers are medium size. Fine for forcing. 9c each; 70c per dozen; \$5.00 per 100.

Snowball (Boule de Neige) B m. Very large double flowers of pure white, resembling white peonies. 11c each; 90c per dozen; \$6.25 per 100.

Tournesol A m. These bright red flowers with broad yellow borders give a very gay appearance to a garden. Tournesol is the easiest double tulip to grow indoors. 10c each; 80c per dozen; \$5.50 per 100.

The deep rich scarlet of Imperator Rubrorum contrasts well with a pure white variety such as Snowball.

MIXED TULIPS

These mixtures can be depended upon for evenness in time of blooming and for a splendid range of well balanced colors.

	1 doz.	100	1000
Single Fine Mixed	\$0.70	\$5.00	\$47.50
Double Fine Mixed	.70	5.00	47.50

Single and dozen prices include postage. The 100 and 1,000 rates are by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates; not less than 25 at 100 rates, and not less than 250 at 1,000 rates.

Darwins Combine Beautifully

Note the Special Collection

The cup-shaped Darwins are huge and shapely, and they stand up strong and tall on their sturdy stems. They may well be considered the most important of the late flowering tulips. Clearness or singleness of color is a chief characteristic. When Darwins do show more than one color, the tones are related, as pink and buff, or pink and white, or lilac and rose. Bright, clear scarlet, salmon rose, rich purple, pure white, and pale pink are among the best liked colors. In many Darwins the base contrasts in color with the body of the flower.

The letters D, E, F, G, etc., following the name of a variety refer to time of blooming when planted outdoors; they follow in close succession the latest of the early flowering sorts. The height is given in inches.

Afterglow F 28 in. Deep rosy orange with salmon tinted edges; inside of flower deep orange. A beautiful combination of colors. 10c each; 80c per dozen; \$5.25 per 100.

Baronne De La Tonnaye F 27 in. Clear carmine rose, toning to soft pink at the edges. Good for forcing; excellent for outdoor growing. 9c each; 70c per dozen; \$5.00 per 100.

Bartigon D 28 in. Brilliant, crimson-scarlet flowers of large size, with white base ringed blue. Very dependable and showy. 9c each; 70c per dozen; \$5.00 per 100.

Blue Aimable F 26 in. Bluish heliotrope outside, deep violet inside. Flowers medium size, but of fine form. 9c each; 70c per dozen; \$5.00 per 100.

City of Haarlem F 30 in. Intense dark scarlet with a darker bloom; deep violet base outlined in white; large cup-shaped flowers slightly incurved at the tips. 13c each; \$1.15 per dozen; \$7.75 per 100.

Clara Butt F 21 in. Delicate salmon-pink. One of the most popular Darwins. Good both for indoor and outdoor culture. Beautiful in front of shrubs. 9c each; 70c per dozen; \$5.00 per 100.

Dream E 26 in. Beautiful soft lilac, shading lighter; inside deep violet with blue base. 9c each; 70c per dozen; \$5.00 per 100.

Euterpe E 28 in. Silvery lilac with rose tone; edge of petals soft lilac. A dainty flower of very attractive color. 9c each; 70c per dozen; \$5.00 per 100.

Farncombe Sanders E 26 in. Vivid rose scarlet with lighter base. Brilliant coloring, large size, and excellent form. 9c each; 70c per dozen; \$5.00 per 100.

Faust E 32 in. A very large, long flower. The color is rich purplish black with striking metallic sheen. 11c each; 90c per dozen; \$6.00 per 100.

Few Brilliant F 28 in. Large scarlet vermilion flowers. Base blue and white. 11c each; 90c per dozen; \$6.00 per 100.

Flamingo C 28 in. Soft shell-pink with satin sheen; light colored base. Flowers of pointed form. 10c each; 80c per dozen; \$5.50 per 100.

Garden Grouping No. 2

Giant F 30 in. Dark violet with light blue base. Flowers of the largest size borne on long sturdy stems. 13c each; \$1.10 per dozen; \$7.50 per 100.

Jubilee E 29 in. Rich blue purple with white base marked blue. Large flowers of superb open form. The finest Darwin of this color. 13c each; \$1.15 per dozen; \$7.75 per 100.

King George V. F 25 in. Bright cherry rose; base blue with white halo. 13c each; \$1.15 per dozen; \$8.00 per 100.

King Harold E 25 in. Deep mahogany red with black base. 9c each; 70c per dozen; \$5.00 per 100.

La Fiancee G 30 in. Deep rose shaded lilac. Base blue. A large flower of very attractive coloring. 11c each; 90c per dozen; \$6.00 per 100.

La Tulipe Noire E 25 in. Maroon black. The darkest of all tulips. Flowers of large size. 11c each; 90c per dozen; \$6.00 per 100.

Madam Krelage E 29 in. Soft purplish rose, margined with

blush pink; large flowers. 9c each; 70c per dozen; \$5.00 per 100.

Ouida F 28 in. Bright crimson scarlet, borne on long strong stems. Makes a fine showing in the border. 10c each; 80c per dozen; \$5.25 per 100.

Philippe De Commynes D 25 in. Velvety dark purple. A large flower on a sturdy stem. 9c each; 70c per dozen; \$5.00 per 100.

President Taft F 30 in. Deep rich crimson maroon. Very large flowers on strong stiff stems. 13c each; \$1.15 per dozen; \$7.75 per 100.

Princess Elizabeth F 29 in. Clear deep pink gradually changing to rose pink. White base. Very attractive in large grouping. 9c each; 70c per dozen; \$5.00 per 100.

Pride of Haarlem E 27 in. Deep carmine-rose, tinted lilac, blue base. Unsurpassed for garden and border because of its brilliant color, tall stately habit, and pleasing fragrance. 9c each; 70c per dozen; \$5.00 per 100.

Rev. Ewbank E 22 in. Silvery heliotrope shading to lavender violet at base; an exquisite color. 9c each; 70c per dozen; \$5.00 per 100.

The Bishop E 28 in. Beautifully formed flower of deep violet-purple with blue base and white halo. 15c each; \$1.25 per dozen; \$9.25 per 100.

Venus G 28 in. Large, well formed blossoms in tones of pink with pleasing silvery sheen. The prominent pure white base adds to the charm. 11c each; 90c per dozen; \$6.00 per 100.

Yellow Giant F 29 in. Golden yellow tulip of great beauty and size. Has black anthers. Tall, strong stem. Highly recommended as one of the best of the yellow Darwins offered. 12c each; \$1.00 per dozen; \$7.00 per 100.

Zulu E 26 in. Rich purplish black flower, large and distinctly egg shaped. Attractive for forcing. 10c each; 80c per dozen; \$5.25 per 100.

Madame Krelage (upper)
Princess Elizabeth (lower). These two
make an exquisite blending
of pink rose and silvery
white. Plant them and enjoy
the combination.

White E 28 in. Pure white with black anthers. Large substantial flowers on long stems. An exceptionally
late flowering white tulip. 13c each; \$1.15 per dozen; \$7.75 per 100.

Mixed An extra fine mixture in many pleasing shades and colors. 70c per dozen; \$5.00 per 100; \$47.50
per 1000.

100 rate is by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates, and not less than 25 at 100 rates

Darwins Combine Beautifully with Other Tulip Varieties

Colorful

The origin of Cottage Tulips has been lost—they are so old. But they have come to us chiefly from the humble cottage gardens of the British Isles. They are usually recognized by their long and narrow petals and their slender but strong stems. In shape of bloom they vary. Some are egg-shaped, some vase-shaped, some lily-flowered. They have a wide range of colors, but in the orange-scarlets and the yellows they are especially outstanding. Some of the Cottage Tulips are fragrant. The Hybrid Tulips are crosses between the Cottage, Breeder, and Darwin Tulips.

Argo F 23 in. Deep soft yellow, as though the petals were covered with a bloom. Edges daintily penciled with orange-red. 10c each; 80c per dozen; \$5.50 per 100.

Carrara F 25 in. Large pure white flowers on long wiry stems. Very choice. 13c each; \$1.15 per dozen; \$8.00 per 100.

Dido F 30 in. An unusually magnificent tulip. Rich orange-rose with shadings of salmon and yellow. Very desirable. 10c each; 80c per dozen; \$5.25 per 100.

Fairy Queen F 21 in. Rosy heliotrope, beautifully margined with amber. Very large flowers. 9c each; 70c per dozen; \$5.00 per 100.

The graceful recurving blossoms and clear yellow color of Mrs. Moon are always admired.

Gesneriana Ixioides G 22 in. Beautiful egg-shaped flowers of soft canary yellow with brilliant black base. 10c each; 80c per dozen; \$5.50 per 100.

Gesneriana Lutea G 22 in. Rich golden yellow. Flowers of large size. 9c each; 70c per dozen; \$5.00 per 100.

Gesneriana Spathulata (major) F 25 in. A very large brilliant scarlet flower with rich bluish-black base. One of the most brilliant and striking of the Cottage tulips. 9c each; 70c per dozen; \$5.00 per 100.

Single and dozen prices include postage. The 100 rate is by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates, and no less than 25 at 100 rates.

Cottage Tulips, Varied in Form

Grenadier F 24 in. Brilliant orange-red flowers of large size. Fine for accent in the border. 9c each; 70c per dozen; \$5.00 per 100.

Inglescombe Pink E 24 in. Stately egg-shaped flowers of brilliant rose pink with salmon sheen. The base is light blue. 9c each; 70c per dozen; \$4.50 per 100.

Inglescombe Yellow G 21 in. Clear canary yellow, often showing crimson markings at the edges. Also called the Yellow Darwin. 9c each; 70c per dozen; \$4.50 per 100.

John Ruskin F 18 in. Beautiful apricot rose shaded with mauve and edged with pale yellow. Very long petals. 9c each; 70c per dozen; \$5.00 per 100.

Moonlight D 22 in. Very long narrow flowers of soft pale yellow. In a group they seem to glow with mysterious light. 10c each; 80c per dozen; \$5.50 per 100.

Mrs. Moon G 25 in. Charming vase-shaped flowers of deep golden yellow. One of the best yellows among the Cottage tulips. 11c each; 90c per dozen; \$6.00 per 100.

Picotée (Maiden's blush) F 23 in. A long graceful flower with recurving pointed petals of ivory white, bordered and tipped with bright rose which deepens to red as the flower becomes older. 9c each; 70c per dozen; \$5.00 per 100.

Rosabella F 26 in. Beautiful shade of salmon-rose. One of the finest new introductions. 11c each; 90c per dozen; \$6.00 per 100.

Special Mixed An excellent mixture of Cottage Tulips. 70c per dozen; \$5.00 per 100; \$47.50 per 1000.

REMBRANDT TULIPS

(Bloom in Late Spring)

Rembrandts are Darwins the colors of which have split up into stripes, blotches, and feathered markings. The flowers are then called "broken." To be at their best, they should be planted by themselves or in combination with the well known Bybloems which they resemble. They are decorative and last well when cut.

Rembrandt Mixed Striped and feathered flowers in many pleasing shades and colors. 12c each; 95c per dozen; \$6.50 per 100.

*If you like something odd and unusual,
be sure to select the feathered and
striped Rembrandts.*

Single and dozen prices include postage. The 100 rate is by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates, and not less than 25 at 100 rates.

Choose Breeders for

When you start to grow Breeder Tulips, you are entering the inner circle of many tulip enthusiasts. Among the Breeders you will find some of the most splendid and beautiful of all the tulips. They produce immense blossoms held up by strong stiff stems that sometimes reach thirty-six inches in height. They can usually be recognized by their dull bronze, apricot, and tan shades. Breeders also range into tones of deep lilac and old rose and yellow and orange-scarlet and mahogany, but they always have that touch of tawny coloring which distinguishes them from the other groups and gives the garden unusual beauty. Many Breeders have fragrance.

Queen Alexandra

The soft toned Breeders combine beautifully with the more brilliant Darwins.

Apricot F 26 in. Deep bronze-buff, shaded ruddy apricot, and showing an olive base. 9c each; 70c per dozen; \$5.00 per 100.

Bacchus F 29 in. Dark violet purple; white base. One of the best of the dark varieties. A strong and vigorous grower. 11c each; 90c per dozen; \$6.00 per 100.

Bronze Queen F 27 in. Soft buff, tinged with apricot and bronze; yellow base. A beautifully shaped flower. 9c each; 70c per dozen; \$5.00 per 100.

Cardinal Manning F 28 in. Dull wine red flushed with bronze and edged with orange; base tinged with yellow. Very large and attractive. 9c each; 70c per dozen; \$5.00 per 100.

Copernicus G 28 in. Dark coppery bronze, flushed old rose; interior warm brown with yellow base. Very large flowers borne on sturdy stems. 11c each; 90c per dozen; \$6.00 per 100.

Dom Pedro F 25 in. Coffee brown shaded maroon; base yellowish streaked olive. Flowers large and quite fragrant; combines effectively with some of the lighter varieties. 11c each; 90c per dozen; \$6.00 per 100.

Golden Bronze E 24 in. Rich golden bronze with dull gold base. Interior mahogany brown with deep chrome yellow base. One of the most striking varieties in this color. 10c each; 80c per dozen; \$5.50 per 100.

Louis XIV G 27 in. Rich dark purple flushed with bronze and edged with golden brown. The circular base is dull blue starred with yellow. A flower of enormous size and stately bearing. 12c each; 95c per dozen; \$6.50 per 100.

Unusual Shades and Colorings

- Panorama** (Fairy) E 25 in. Orange red shaded mahogany; base chestnut brown. Very large goblet-shaped flowers of great beauty. 10c each; 80c per dozen; \$5.50 per 100.
- Prince of Orange** G 27 in. Terracotta with orange edge; base yellowish streaked with olive. Makes a fine showing in the border. 10c each; 80c per dozen; \$5.50 per 100.
- Queen Alexandra** E 23 in. Soft primrose yellow broadly flushed with light brown at edge of petals. 10c each; 80c per dozen; \$5.50 per 100.
- Breeder Mixed** A choice mixture of many shades and colors. 70c per dozen; \$5.00 per 100; \$47.50 per 1000.

LILY-FLOWERING—FOR DELICATE BEAUTY

The Lily-flowering Tulips also bloom in late spring. They are the result of crossing *Tulipa Reflexa* with a pink Darwin. The pointed petals curve outward, and the blossoms are carried on stems that are strong and tall. Pinks, yellows, creams, and whites,—the colors are in keeping with the delicate beauty of this tulip's form.

- Eclipse** Orange yellow flushed with rose or pink. 10c each; 80c per dozen; \$5.25 per 100.
- Sirene** 24 in. Rich cerise pink with paler pink at the margins of the petals. Pure white base. A lovely flower. 10c each; 80c per dozen; \$5.25 per 100.

PARROTS—FOR GORGEOUS EFFECTS

The odd-shaped flowers of the Parrots are of very large size, and the petals are curiously cut and fringed. Parrots are striking when grown in long drifts with evergreens as a background. Usually their stems are weaker than those of other tulips, but as cut flowers they are very decorative. This tulip is also known as the Dragon Tulip.

- | | Each | 1 doz. | 100 |
|--|--------|--------|--------|
| Crimson Brilliant , shaded... | \$0.09 | \$0.70 | \$5.00 |
| Fantasy The outside of this flower is the same beautiful salmon pink as Clara Butt from which it originated; the inside is deeper in tone. Each curiously slashed petal is marked down the center with apple green. The stem is straighter and stronger than that of other Parrots. A wonderfully attractive flower. 11c each; 90c per dozen; \$6.00 per 100. | | | |
| | Each | 1 doz. | 100 |
| Perfecta , yellow, striped red. | \$0.09 | \$0.70 | \$5.00 |
| Parrot Mixed | | .70 | 5.00 |

SUNDEWS—FOR STRIKING GROUPS

A glowing scarlet flower, cup-shaped on a tall swaying stem—in size and shape Sundew is a true Darwin. But Sundew has some Parrot blood, and so the outer edges of its petals are daintily slashed and fringed.

You will be pleased with the peculiar beauty of this unusual tulip. 9c each; 70c per dozen; \$5.00 per 100.

Group a dozen or more Sundews where the blossoms will stand out against a background of dark green.

Single and dozen prices include postage. The 100 rate is by express at purchaser's expense. Not less than six of any one variety supplied at dozen rates, and not less than 25 at 100 rates.

Start Your Flower Garden This Fall

Where the climate is fairly mild, many of the hardy perennials, annuals, and biennials bring excellent results if seeds are sown in the open ground in August, September, and October. Seeds of annuals should be sown late enough so that they will lie dormant during the winter. They will then begin to grow earlier in spring, the plants will be stronger and will blossom sooner than if the seed is sown in spring. Plants like Columbine, Delphinium, Foxglove, and Hollyhock that do not bloom until the second year unless planted very early in spring are especially satisfactory for fall planting. Start them not later than the middle of September. Give them protection if the weather is at all severe.

Start a cutting garden of annuals this fall. Sow the seed in rows just before the ground freezes, and give the seed bed a light mulch. You will have earlier flowers than if you wait until the ground can be worked next spring.

Flowers in this list that are starred (*) are annuals suitable for fall planting.

Long Spurred Columbine and Iris are delightful together, either in contrasting or blending colors.

Scatter annual poppy seed among the late tulips. Poppies will give a gorgeous display after the tulips are gone. Annual larkspur planted among early tulips will make a good showing, too, and hide the drying tulip leaves. Do not try to transplant annual poppies or larkspur.

*Kinds starred are annuals suitable for fall planting.

Good drainage and full sunshine are two of the most important requirements for Iceland poppies.

Late Flowering Spencer Sweet Peas

BLUE

	Per Pkt.	Oz.
AMETHYST Clear medium blue, with very little purplish cast.	\$.10	\$.35
CAPRI Lovely light blue—a fine companion for all the pink shades.	.10	.35
FLAGSHIP Deep navy blue. Silver medal Scottish Sweet Pea Society, 1936.	.10	.35

CORAL and SALMON SHADES

ADONIS Bright rose-cerise.	.10	.35
DEBUTANTE Coral shaded peach pink.	.10	.35
DISCOVERY Clear, brilliant chamois pink—a new shade. Has great appeal for those who like the dainty colors.	.15	.50
GRANDEUR Clear shell pink on white ground. Very attractive, and vigorous growing.	.15	.50
MRS. A. SEARLES Salmon pink shading to a soft oriental red.	.10	.35
PERSONALITY Exquisite coral salmon pink. A flower of outstanding charm and individuality both for the table and for exhibition purposes. Does not burn in bright sunshine.	.10	.35
SENTINEL Glowing deep salmon-rose on cream. Large flowered. Robust.	.10	.35
SMILES Glistening salmon, shaded shrimp-pink. Sun resistant.	.10	.35

CREAM

MASTERCREAM Black seeded, deep cream. Duplex.	.10	.35
WHAT JOY Primrose yellow shading to cream.	.10	.35

CRIMSON

HONOUR Rich crimson.	.10	.35
RED BOY Richest and deepest of the crimsons.	.10	.35
SYBIL HENSHAW Glowing blood red.	.10	.35

LAVENDER and MAUVE

AMBITION Large fragrant flowers of deep lavender. Strong growing.	.10	.35
CHIEFTAIN A rich, pure mauve entirely free from purple shading.	.10	.35
KING LAVENDER Lovely, light clear lavender. Hard to beat for exhibition purposes. Very strong growing.	.15	.50
POWERSCOURT Lavender; exquisite form. A standard variety.	.10	.35

MAROON

WARRIOR Rich, velvety maroon; large flowers.	.10	.35
--	-----	-----

ORANGE and ORANGE PINK

PEER Bright orange pink on cream ground. A distinct variety for amateur gardener and exhibitor. Award of Merit, British National Sweet Pea Society's Trials, 1936.	.15	.50
RARITY (New) White ground; fronts of petals flecked with bright orange-cerise, backs of petals almost solid bright orange-cerise. A delightful novelty. Certificate of Merit, Scottish Sweet Pea Society, 1937.	.25	.35
TANGERINE IMPROVED Rich salmon orange.	.10	.35

PICOTEE

SUNKIST Clear, rich cream ground; picotee edge of rose.	.10	.35
YOUTH White, with a clear pink picotee edge. Large flowers borne on strong stems.	.10	.35

PINK—Cream Pink

AFFECTION Dainty coral pink on cream ground. Very pretty alone or combined with other varieties.	.10	.35
MAGNET A distinct cream pink.	.10	.35
MARY PICKFORD Dainty cream pink with the faintest suffusion of salmon.	.10	.35
RAPTURE Lovely clear rose pink on deep cream ground. Abundant four-blossom sprays.	.10	.35
SENTIMENT (New) Deep chamois pink on light cream ground. Does not fade in hot sun. Award of Merit, British National Sweet Pea Society.	.25	.35
SIMPLICITY Strikingly beautiful new shade of deep chamois pink on cream ground.	.10	.35
VANITY Deep geranium pink flushed with salmon on cream ground. Does not burn in bright sun.	.10	.35

PINK—Rose Pink

ECSTASY Blush pink. Very large flowered and strong growing.	.10	.35
FAIRYLAND (New) Light rich rose pink, deepening toward edges of petals. Sure to be popular both with exhibitors and home gardeners.	.25	.35
LULLABY Light rose-pink on white ground. A true companion to the blush pink "Ecstasy." Received Award of Merit from National Sweet Pea Society 1934.	.10	.35
PINKIE Large, deep rose pink. The standard for this color.	.10	.35
PINNACLE Sparkling deep rose pink on white ground.	.10	.35
STYLIST Clear deep rose-pink, salmon-flushed. Delightful.	.10	.35

PURPLE

OLYMPIA An even shade of deep, rich purple.	.10	.35
VISTA (New) Clear light purple on white ground. A real improvement over most purple varieties.	.25	.35

ROSE—Carmine Rose

DOREEN Bright rose carmine. A huge flower.	.10	.35
--	-----	-----

SCARLET

GRAND SLAM Bright scarlet cerise, shaded orange. A lively color with great appeal. Does not burn.	.10	.35
LIFE Salmon shaded scarlet cerise. Unusually brilliant and sparkling. Does not burn.	.10	.35
WELCOME The most dazzling of all scarlets.	.10	.35

WHITE

AVALANCHE Very large pure white.	.10	.35
BRIDAL VEIL The first real white sweet pea without a trace of blush. Received Gold Medal Award, Scottish Sweet Pea Society, 1935.	.10	.35

SUPERB SPENCER MIXTURE LATE FLOWERING This superb mixture has unusual richness and brilliancy. It contains the finest named sorts, Pkt. 10c; oz. 30c; $\frac{1}{4}$ lb. 80c.
CHOICE SPENCER MIXED Pkt. 5c; $\frac{1}{4}$ lb. 65c.

SUMMER FLOWERING COLLECTION Six packets of beautiful Sweet Pea varieties in the following colors: Blue, Lavender, Orange Pink, Rose Pink, Scarlet, and White. Plant either in fall or spring for bloom the following summer.
 Collection of six packets. 50c

Early Flowering Mixed A beautifully blended mixture containing the best of the standard sorts in correct proportions.....	.10	.45

CHRISTMAS FLOWERING COLLECTION These exquisite Sweet Pea varieties bloom about Christmas time on the Pacific Coast. In the East they can be sown outdoors in fall for bloom early the following summer. Collection of six packets containing the following colors: Crimson, Lavender, Rose Pink, Salmon Pink, Scarlet, White.....50c

Seed Your Lawn This Fall

Autumn as well as spring is lawn making time. The cool nights of September and October are especially favorable for growing grass seed. Sow just before fall rains set in and early enough so that the young grass will become well established before cold weather.

Best quality seeds and proper care make permanently beautiful lawns.

- Astoria Bent** (*Agrostis capillaris* var. *Astorianana*) A comparatively new and distinct kind of grass producing splendid turf. Excellent for lawns and golf greens. Lb. \$1.50, 10 Lbs. \$12.50 postpaid.
- Chewing's Fescue** (*Festuca rubra fallax*) A New Zealand grown strain of Red Fescue. Lb. \$1.00, 10 Lbs. \$9.00 postpaid.
- Kentucky Blue Grass** (*Poa pratensis*) The best grass for lawn purposes. It forms a good turf, is permanent, and makes an ideal lawn. Well adapted to all soils. Lb. 50c, 10 Lbs. \$4.50 postpaid.
- Perennial Rye Grass** (Pacey's) (*Lolium perenne*) A tufted fine leaved grass much used in mild climates where it is really hardy. Valuable due to its very rapid growth. Lb. 40c, 10 Lbs. \$3.50 postpaid.
- Red Top** (Fancy) (*Agrostis alba*) Well adapted to growing where extensive care cannot be expended on the lawn. It gains maximum development in early fall. Succeeds in all soils. Lb. 50c, 10 Lbs. \$4.50 postpaid.
- Rough Stalked Meadow** (*Poa trivialis*) An excellent grass for shaded locations. Lb. 85c, 10 Lbs. \$8.00 postpaid.
- Seaside Bent** (*Agrostis maritima*) Used principally for golf purposes. Good color. Lb. \$1.50, 10 Lbs. \$12.50 postpaid.
- White Dutch Clover** Valuable for lawns. It does well on all soils and especially where lime is present. Lb. 70c, 10 Lbs. \$6.50 postpaid.
- Fine Mixed Lawn Grass** A distinctly superior mixture of the best and cleanest grades of seed. Adapted to general lawn purposes. Carton 25c, Lb. 50c, 10 Lbs. \$4.50 postpaid.
- Extra Fine Mixed** Each variety included has a different period of luxuriant growth so that the lawn is in excellent condition all summer. One pound of seed is a minimum quantity sufficient to sow 200 square feet. Carton 25c, Lb. 60c, 10 Lbs. \$5.50 postpaid.
- Shady Lawn Mixture** An excellent selection of fine grasses which thrive in the shade of trees or buildings. Carton 25c, Lb. 70c, 10 lbs. \$6.50 postpaid.

Not less than 10 Lbs. sold at the 10 Lb. rate. Please write for prices on larger quantities.

FERRY'S GARDEN SPRAY A remarkable new insecticide for flower gardens, vegetable gardens, orchards, greenhouses, and commercial growing operations. Effective. Non-poisonous. Non-staining. Oz. 35c; Pt. \$2.00; Qt. \$3.50; Gal. \$10.00.
